*Many of you have expressed your sympathy for the recent loss of my sweet brother, Jim. It is wonderful to have so many customers who are also friends. Please remember his wife and children in your thoughts and prayers.*

## what's NEW

### Kate Spade Paper Goods Coming to On a Personal Note

We are pleased to announce the addition of Kate Spade's paper and gift line to On A Personal Note, upstairs at Vintage Rose. As you know, Kate Spade is a renowned designer of handbags and accessories and has now put her whimsical touch on a line of goods from Crane. Stop by to see them!

On A Personal Note has great new notecards for graduation and super new invitations for all your showers, parties and such this year. Whether it's a birthday or a baby shower, we can take care of your invitations quickly and efficiently.

### If You Are Getting Married....or Know Someone Who Is Getting Married...

After more than 10 years of helping brides and grooms with showers, weddings and special occasions, you may think we've seen and heard it all. There's a lot to remember, a lot to forget, and a lot you may not think you care about (but you really should). So with all that in mind, please know that we are here to help!

On A Personal Note at Vintage Rose can take care of all your invitations, save-the-date cards, and thank you notes. Whether your wedding is big or small, formal or informal, we are happy to start things off with the right invitation for you.

The Registry at Vintage Rose is full of choices and we now offer a Registry Rewards program (see any of us for details) that gives our wedding couples a bonus at the conclusion of their registry.
